What is a Neighbourhood Plan (NP)

It is about your community utilising land use and development to deliver your needs and requirements to:

The Plan covers land use and development until 2030

Make Your Views Count

Why NP is so Important

Puts you in control

- Sets out what our community wants regarding
 - Environment, Conservation and Green spaces
 - Types of Housing and Design
 - Local Economy, Businesses and Shops
 - Transport, Parking and Air Pollution
- Controls Undesirable ad-hoc development
- It is our community's vision and strategy for the future.
- The completed NP will be approved by a local referendum and will then carry legal weight in the planning process.

Development and change will happen.

You shape the future!
